clinicaltrials.gov/ct2/show/study/NCT03573583**

.....
The **D3-Cr** study will evaluate a new method for measuring the amount of muscle in the body.

By participating in this study, you could be paving the way for improvements in treatments for older adults.
.....

You may qualify for this study if:

- ▶ You are 70 years of age or older.
- ▶ Have difficulty walking half a mile, climbing a flight of stairs and/or getting out of a chair.
- ▶ Are willing to remain in the study for a duration of 15 weeks.

If eligible, you may receive:

- ▶ Monetary compensation.
- ▶ Supervised strength exercises or education, plus stretching programs.
- ▶ Individualized report of your muscle mass, bone density and physical performance.
- ▶ Free, on-site parking.

.....
If interested, please call us at 352.273.5919 or toll-free 866.386.7730 to learn if you qualify for the D3-Cr study and to schedule a screening visit.
