“Understanding how joint destruction leads to osteoarthritic pain and disability through preclinical models”

Presented by

Kyle D. Allen, PhD

Tuesday, October 22, 2019
12:00 pm to 1:00 pm

Clinical and Translational Research Building
2004 Mowry Road
Conference Room 2161

Lunch Provided

Dr. Kyle D. Allen
Associate Professor and
Associate Chair, Undergraduate Programs
J. Crayton Pruitt Family
Department of Biomedical Engineering
Herbert Wertheim College of Engineering
University of Florida

Learning Objectives: At the conclusion of this presentation, participants should be able to:

1. Identify the link between osteoarthritic joint destruction (pathological evidence) and evidence of pain and disability.
2. Describe the link between the inflammatory activity in the joint and the severity of joint destruction.
3. Associate the link between inflammatory activity in the joint and evidence of OA pain and disability.

Dr. Allen has disclosed no relevant financial relationships. No one else in a position to control content has any financial relationship(s) to disclose.

CME Information  Accreditation: The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
Credit: The University of Florida College of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. The VA designates 1.0 hour of Continuing Education credit provided for its employees.
